TEAM MANAGER:

David Vuillemin

David Vuillemin, spent the first part of his career racing and winning 125cc and 250cc Supercross championships in Europe before coming to the U.S. in 2000. Stateside, the Frenchman is a seven-time Supercross winner and three-time Motocross winner. He has more than 40 podium finishes to his credit, and he was the top SX privateer in 2007 and the top MX privateer in 2006.

He is one of the only racers who can boast that he beat both Jeremy McGrath and Ricky Carmichael heads-up in supercross in their primes. After spending 2009 racing the GPs, he hung up his boots and got ready to move into a new role.
